

AvidXchange Corporate Fact Sheet

A trusted, leading provider of accounts payable automation

Our Company

Founded in 2000, AvidXchange is a leading provider in accounts payable (AP) automation, offering intelligent AP software and payment solutions specifically designed for mid-market businesses and their suppliers. With 25 years of industry experience, AvidXchange modernizes the way businesses manage their expenses and payments by offering AI-enhanced software coupled with support from experts. Our solutions support key industries such as real estate, construction, community association management, healthcare, education, hospitality, professional services, financial services, and media.
